Patterns functions and algebra worksheets pdf

I'm not robot!

This grade 9 maths worksheet for term 1 looks at functions and relationships and is an introduction to graphs. The worksheet includes questions on completing the table, drawing graphs, drawing flow diagrams, using formulas, and finding the input and output values of a function. Download here: Worksheet 7: Functions and Relationships Term 1 Worksheet 7 […] This grade 8 mathematics worksheet on algebraic expressions includes identifying coefficients, constants and variables, expanding and simplifying algebraic expressions and substitution. Download here: Worksheet 6: Algebraic Expressions Term 1 Worksheet 6 Memorandum: Algebraic Expressions Term 1 This grade 11 maths worksheet deals with identifying the different types of graphs and functions from straight line graphs to parabolas, hyperbolas and exponential graphs. It includes sketching the different graphs, determining their equations given certain points or other information such as asymptotes. x and y intercepts and transformations of graphs finding the point of […] Practice questions on quadratic patterns to arithmetic sequences and series to geometric sequences and series. The worksheet includes exam level questions which could be used for revision of the number patterns section. Download here: Worksheet 3 – Patterns, Sequences and Series Worksheet 3 Memo – Patterns, Sequences and Series This grade 9 maths worksheet falls under patterns, functions and algebra and covers numeric and geometric patterns, including completing the pattern, completing tables, finding a formula for the pattern and finding input and output values for the pattern. Download here: Worksheet 6: Numeric and Geometric Patterns Worksheet 6 Memorandum: Numeric and Geometric Patterns This grade 8 term 1 worksheet on functions and relationships tests the skills learnt in class, including finding input and output values in tables and flow diagrams, and representing these values through graphs, formulae and equations. Download here: Worksheet 5: Functions and Relationships Worksheet 5 Memorandum: Functions and Relationships This grade 8 maths worksheet tests the skills learnt for numeric and geometric patterns learnt in term 1 for CAPS. It includes determining the pattern, finding a term in the pattern and representing patterns. Download here: Worksheet 4: Numeric and Geometric Patterns Worksheet 4 Memorandum: Numeric and Geometric Patterns This worksheet and memorandum follow the grade 12 mathematics CAPS curriculum for Exponential and Logarithmic functions. Please note that the log laws should only be known on a theory level and for simplification purposes but will not be examined. The worksheet looks at the definition of a logarithm, changing between logarithmic and exponential equations, solving […] This grade 10 mathematics worksheet looks at graphing the different graphs as well as examining how the graphs have shifted or changed. The worksheet also tests asymptotes as well as axes of symmetry. It then looks at domain and range for the hyperbola, parabola, exponential graph and straight line. The worksheet also tests finding the […] This worksheet examines linear and quadratic patterns, from identifying the pattern, determining the formula for Tn, determining the term's value at a specific position, and practicing both linear and quadratic questions. Download here: Worksheet 3: Number Patterns Worksheet 3 Memo: Number Patterns Want to help support the site and remove the ads? Become a patron via patreon or donate through paypal.
